

Building Bright Futures for

AFRICAN CHILDREN

An Event Benefitting the Madagascar and Ghana Initiatives of the Rotary Club of Cincinnati

Come join us in the beautiful penthouse party room at Elevar Design Group with incomparable views of downtown Cincinnati and the newly-renovated Union Terminal for delicious food, beverages and samples of African foods. We'll share a few glimpses of the great good being done with your support including updates on our applications for Rotary International Global Grants and Rotary's Humanitarian Impact in Africa.

R.S.V.P.

Please RSVP no later than Friday, October 11, 2019, to the Rotary office at office@cincinnatirotary.org

The Madagascar Model Healthy Village is grounded in local culture and relationships, empowering neighbors to learn and teach good hygiene, and equipping all households with water filters and composting latrines. Families make significant in-kind contributions of work, sand, and bamboo or wood for outhouses. Our previous, Global Grant-winning Model Healthy Village achieved a 77% reduction in diarrhea in two years. The newest community, Analamalotra, has 4,880 residents who lack safe drinking water or sanitation.

This project will transform that reality, saving children's lives.

The Ghana School Project is building the essential resources for the children of Kumasi to learn and thrive academically, an essential bridge to a fulfilling future. The infrastructure of the school, which serves 500 children from age 5 to 12, is in disrepair. Fewer than 10% of the children have textbooks or desks. With your help, all children will receive the learning supplies they urgently need. You'll also provide teachers and older students instruction in CPR, AED, and first aid.

A CELEBRATION!

Sponsored by

Flynn & Company

CPAs & Business Consultants

Join us to celebrate two of our club's high-impact initiatives: the newest Model Healthy Village in Analamalotra, Madagascar, and the Ghana School Project in Kumasi, Ghana
